It's hard to think that the Year 12s are half way through their Sixth Form journey with us. I wanted to take a moment to express how proud I am for the dedication and hard work that has been visible until this point and I hope this continues into Year 13.

Year 13 is always a difficult year, the pressure that students sometimes find themselves under is arguably the most they will feel, but I'm confident that by working together and supporting students through this journey they will achieve the grades they deserve but most importantly we can support them in getting to their next destination. Whilst we would like the students to have a well earned break, please could you encourage students to complete their summer tasks so that they are ready to hit the ground running come September. Mr Mee

## REMINDERS

- Please remember school starts on Thursday 5th September 8.38am. – You will need your swipe card, if you have lost it please email Mrs Hayward so a replacement can be printed for you.
- All summer tasks need to be completed for the 5th September, email your teachers if you have any queries.

## VOCATIONAL

On the 12th of July, I had the pleasure of attending the Discovery College Awards afternoon at PAFC. This was an amazing opportunity to celebrate our students' achievements, hard work and dedication. As they move on to bigger things, employment, university and the Navy, I look forward to welcoming our new Vocational students in September, who will be attending Discovery College and Achievement Training. To all our current vocational students, I wish you a restful and enjoyable summer. Mrs Harris

## ENRICHMENT

What a couple of days! It's the first year for Sixth Formers to be involved in Enrichment week, and it was nice to see students participating in events outside the classroom. I am a firm believer that these events need to happen to keep students motivated through their educational journey.

Tuesday was our first old school sports day, students created their own teams and opted into team and individual races. What was great to see was the level of enthusiasm from all students, and a new level of competitiveness. The day saw the Green team the eventual winners with Gracie and Ruby the captains lifting the winners trophy with pride.

Wednesday saw students complete a treasure trail around Plymouth City Centre, Plymouth Hoe and Barbican finding clues to eliminate suspects, weapons and places. The winning team consisted of Jake, Geronimo, Jordan and Mackenzie, Xander, Lennon, and Gui all finishing in a record time of 1 hour and 48 minutes!
