Dear Parent/Carer,

We are delighted to inform you that National Careers Week begins on Monday 2nd March, and we are excited to be celebrating it here at Lipson.

At Lipson, our careers education programme is delivered through *Dream Job*. This provides students with meaningful opportunities to:

- **Discover** careers and future possibilities
- **Explore** different pathways and routes into employment
- **Make It Happen** by developing aspirations, supporting applications and clear next steps

Throughout the week, students will take part in a range of tutor-led Dream Job activities designed to encourage them to think about their interests, strengths and ambitions for the future. This is in addition to the extensive opportunities they get throughout their Dream Job journey at Lipson.

We would love you to use this week as an opportunity to start (or continue) a conversation at home about your son/daughter's dream job while the discussions are fresh in their minds. Talking about future aspirations, pathways and possibilities can make a real difference in building confidence, motivation and ambition.

If you have any questions about careers education at Lipson, would like further information, or are interested in getting involved with our Dream Job programme (for example by sharing your career journey or supporting an event), we would be very pleased to hear from you.

Thank you for your continued support in helping our students to discover, explore and make their dream jobs happen.

Kind regards,

Ed Goodman
Deputy Headteacher
